Commotion in Front of the French President's Residence Results in Arrest—One Shot Fired.

(By the Associated Press.)
PARIS, Sept. 8.—Commotion occurred today in front of the palace of Elysee, residence of President Miller, and in which a revolver shot was fired by an unidentified man at a passing automobile. The man was arrested, but it had not been determined early this afternoon whether he intended firing at Miller and.

Yangtze River To Be Improved

The Yangtze River Commission which is directing a project for the improvement of the great waterway has appointed George G. Strobe chief survey engineer in connection with the project. Mr. Strobe was in the Philippine government service for 12 years as hydraulic engineer, designing irrigation, river and harbor works. Before he went to the Philippines he was graduated from Chicago University in 1912 and received a degree from the University of Michigan in 1914, subsequently teaching civil engineering at the University of Michigan for a period of years.

Mrs. Nannie Seay Dies Near Stokesland

The death occurred this morning at 9 o'clock of Mrs. Nannie Seay at her home near Stokesland after an illness of several months' duration. She was 68 years of age and was highly esteemed by neighbors and also by persons in Danville who knew her. She formerly resided here. The funeral will be held Sunday afternoon from the residence at 5 o'clock, the service to be conducted by Rev. J. Clyde Holland. Interment will be made in Leemont cemetery.

SCISM CASE IS NEXT TO THE GRAND JURY

Marvin Scism, charged with a second offense of a Mapp act violation, was this morning held for the grand jury, after a hearing in the mayor's court. The case followed information from a neighbor, Taylor, that he had bought some whisky from him. The accused denied the charge in court.

CHICKS, WHITE, COLORED, WERE FINE

Chicks, white, colored, were fined \$10 and costs for violating the Mapp act. He was caught with half gallon of corn whisky in his possession. Burnice Carter and John Faust colored fined \$20 each on a statutory charge.

D. And W. Men Are Offered Their Jobs On Old Conditions

Southern Sends Emissary Here to Make Strikers Proposition—Men to Give Answer Tomorrow.

The Southern Railway Company through G. H. Dugan last night made the striking shogun of the Danville and Western Railway, a subsidiary of the Southern, a proposition to return to their work on the basis of the same conditions as prevailed both as to pay and hours of work on the day that the strike took effect. The proposition also included return to work with unimpaired seniority rights.

This proposal was made at a conference held in the office of Major Theo Parker to which the press was invited by the railway company. The meeting was attended by E. B. Rhodes, chairman of the machinist group, J. R. Floyd, representing the blacksmiths and W. G. Dillon, representing the boiler makers, also Mr. Dugan, Major Theo Parker and J. O. Warthen, master mechanic.

The upshot of three-quarters of an hour's discussion of the proposition resulted in the committee representing the full body of striking craftsmen informing J. M. Ellis, general chairman of the shopcrafts of its refusal.

Mr. Dugan in making the proposition, asked that a reply be made by four o'clock Saturday afternoon. He said that if the men found it impossible to resume work on the old basis, that then the railway company would be compelled to fill the Danville and Western shops with other men.

The shoguns were asked to appear by Mr. Dugan, who came to Danville representing D. S. Abernethy, vice president of the road. W. (Continued On Page Two)

Americans Adopt Russia's Styles

MOSCOW, Sept. 8.—America may be threatened with a new style in its summer masculine dress if many of the American Relief Administration personnel in Russia carry out their promise to introduce in the United States the Russian blouse.

The Americans have found that the Russians, who experience extreme cold in winter and summer heat even more varied than in the northern plains states of America, knew what they were about when they invented the Russian blouse for hot weather comfort. Many of the Americans are wearing the blouses, particularly in the provinces.

The blouse does away with the necessity of wearing a shirt. The most popular style is a lined garment cut square at the bottom and not at all like the "tail" of a shirt. It is not tucked into the trousers but worn outside, with a belt about the waist, loosely buckled to permit free circulation of the air. The collars are either of the turn-over type or the close fitting, military collar like that of an army tunic. Some of the blouses are decorated with bright-colored embroidery about the collar and edges, but none of them is any way feminine in appearance.

With trousers, shoes and stockings, light underwear and a natty blouse, the Russian considers himself properly garbed for the summer.

Legion Meeting In Greensboro

GREENSBORO, N. C. Sept. 7.—All Greensboro hotels are tonight filled to capacity with members of the American Legion who are here to attend the fourth annual convention of the North Carolina department.

Features of the convention, which will open tomorrow morning at 9:30 o'clock, will be an address Friday morning by Governor Cameron Morrison, and a big street parade Saturday. It is estimated that fully 1,500 members of the legion will be here tomorrow for the convention. Many legion men are being cared for in private homes.

Mrs. Edith Vanderbilt, of Asheville, who has advised legion officials, that she will not be able to deliver an address here, during the convention has been urged by Commander Tom Bird to reconsider.

WOMAN STRUCK BY CAR BUMPER SAVES HER

A young woman, whose name could not be learned, had a close call yesterday afternoon when she was struck by a Ford automobile. The accident was a peculiar one by reason that the bumper on the front of the car struck the young woman in such a way that instead of knocking her down, she fell across the bumper, carried a distance of forty feet or more before the car was stopped. She jumped out the front of the machine, none the worse for her experience, and continued her journey. Had she been hurled to the pavement a serious injury might have been the result. The accident occurred just about Ridge Street shortly before 5 o'clock.

Mother's Method Is Out Of Date

CHICAGO, Ill., Sept. 8.—Scientists will attempt to demonstrate that mother's methods in baking bread are out of date when the Bakery exposition and conventions of national baker associations are held here September 11 to 16.

Modern scientific control has taken all chance and possibility of mishap out of what was once mother's "intuition" in getting a good bake of family bread will be shown at the exposition to be held on the municipal pier.

Huge steel-armed bread mixers, each having the strength and working force of 200,000 women, traveling ovens and other modern machinery will demonstrate the exactitude in the modern bake shop.

Progress of the baking industry within the last fifteen years will be shown in machinery valued at more than \$1,000,000 which will be in operation during the exposition, plus and cakes according to present-day quantity production methods.

More than 6,000 bakers are expected to attend the exposition and the conventions of the various national baking organizations meeting at the same time.

Among the prominent speakers will be H. C. Spillman, who will talk on "The Man Behind the Loaf," H. A. Neesler, vice president of the Union Trust Co., Chicago, I. K. Russell, editor of "Baking Technology," and Dr. W. W. Skinner, assistant chief of the U. S. Bureau of Chemistry.

FUNERAL OF H. T. PARKER

The funeral of H. T. Parker, who died at his home on Hill Street was conducted yesterday afternoon at 2 o'clock by Rev. J. M. Ellis, pastor of the First Baptist church. The casket was borne by the Rev. Messrs. Clark and Rhodes. The pall bearers were Mr. C. A. Neesler, Claude Myers, J. H. Cook, Gun Warren and Charles Fox. The flower bearers were Misses Estelle Meadows, Jennie Conner, Sallie Barber, Mary Smith and Margaret Tooley.

SLEUTHS SHOOT WOMAN

PECK TO FIGHT CHARGE

Further Proof Is Demanded As to Man's Identity

D. & W. Rail Officials Retain Attorneys to Defend Telegrapher Held for Okla., Home Robbery.

John T. Peck, arrested here in a hotel early yesterday morning on the charge of having robbed the American Railway Express Company, at Pershing, Oklahoma, of about \$5,000 some time ago, is being held incommunicado in the jail where he was placed before yesterday. Efforts to learn something more about the offense with which he is charged, met with difficulty.

J. H. Nece, detective of Richmond, would not discuss the case this morning. "I have nothing to say about the case," he explained to a reporter who approached him at police headquarters. Then efforts were made to see Peck in jail but the jailer wishing to show the visiting detective proper courtesies, first asked Nece's permission. The detective advised against letting anyone see the accused man but admitted that the jail was not under his control. He suggested that a written order from the man's attorneys be secured first. Verbal permission had been previously given but the jailer felt it best to discuss the matter with the commonwealth's attorney who was engaged in the trial of a case and could not be interrupted.

Peck came here September 1st from Asheville, N. C., and is assistant dispatcher at the Danville and Western Railway. Major Parker said this morning that he came with excellent credentials and was an efficient man.

The railway company has asked its local counsel to take charge of Peck's case and to see that he is given the benefit of the law. Jesse Benton has charge of the case and intends to resist extradition until the accusers can furnish something less vague than a picture of the man and the assertion that he is wanted on the charge. If satisfied that Peck is the man wanted no effort will be made to resist his extradition it is said.

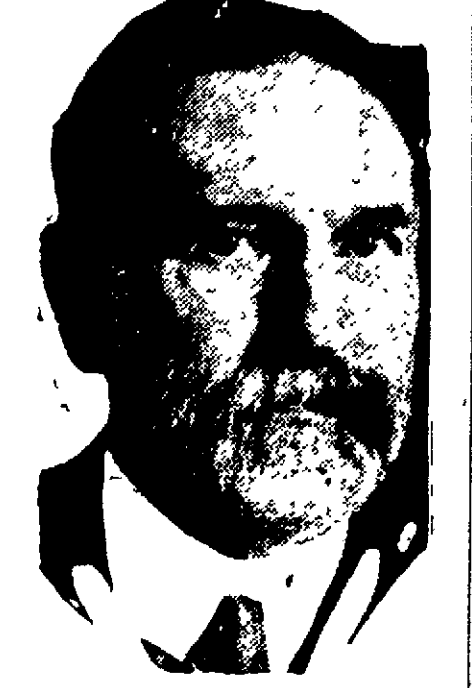

Peck denies that he is the man wanted and claims that he has never been at Pershing. He is understood to have worked as a railway dispatcher at Greensboro for a year before going to Asheville.

In the meantime a special agent of the Missouri Kansas and Texas line from Kansas City is on his way to Danville for the purpose of clearing up the identification. This man's territory included the town of Pershing, Okla., and he is said to be familiar with all aspects of the alleged robbery. Upon his expression as to the identity of the accused man will depend if efforts are made to extradite Peck to Oklahoma without the representatives of that State producing proof deemed sufficient by counsel for the accused. Mr. Benton will go before the governor and argue against the honoring of the requisition.

Very little can be learned about the circumstances of the alleged robbery and the Richmond detective will not undertake to say what his policy of rigid silence by what means he happened to come to Danville apparently expecting Peck's arrival here. That the authorities were hard on his heels is indicated by the fact that he was traced here in person.

Police Officer W. T. Kessler was in the secret of the man's arrival here and was instrumental in Peck's arrest in the Pennsylvania Hotel at three o'clock yesterday morning.

Change in U. S. Court Personnel

George Sutherland, Washington attorney, appointed by President Harding to succeed John H. Clarke, retired as associate justice of the Supreme court.

John H. Clarke, whose resignation as associate justice of the United States Supreme court is believed to precede his entrance into politics in 1921 as an advocate of the League of Nations.

Raiders Swoop Down On New York Hotel

The Longacre in Theatrical District Yields Narcotics and Liquor—Police Reserves Called.

NEW YORK, Sept. 7.—A raiding party of 25 internal revenue agents, twelve police detectives and two assistant federal attorneys swoot down on the Hotel Longacre, in the theatrical district tonight, arrested ten persons and seized quantities of narcotics and liquor.

United States Attorney Connolly, who carried a search warrant issued by Federal Commissioner Hutchcock, said the raid was made as a step in a campaign to put a check to the widespread traffic in drugs in the White light district.

A police cordon which was established about the hotel during the raid attracted throngs to the scene in such numbers that it was necessary to call out the reserves of two police stations.

When news of the raid reached the audiences of two Broadway theatres many men and women left their seats during intermission and rushed to see the raiding party at work.

While the raid was still in progress, Mr. Connolly emerged from the hotel to announce:

"We are finding hypodermic needles, stoves for smoking narcotic drugs and all sort of paraphernalia all through this place, and we are not through yet."

The raid lasted an hour. Mr. Connolly said plans for its accomplishment had been under way for months. Agents for a month had been registered at the hotel and had gathered the evidence. These agents, the federal attorneys said, learned that the usual method of securing drugs was to "get next" to the bell boys. A "ten dollar deposit" they said, "usually helped along the transaction."

After making the deposit, the bell boy hinted that there were lots of things in the New York and that the guests on the way out should not forget the house rules requiring that keys must be left at the desk.

When the patrol returned, the agents said he received with him a small box which, it is alleged, contained the particular drug the guest had told the bell boy he wanted. The authorities said that morphine was sold at the rate of \$400 an ounce, heroin for \$400 and cocaine for \$25. Charges for guests so served, agents said, appeared on their bills under entries for "auto hire" and "taxicab service."

"Godbold" Day Is Observed By Estill People

ESTILL, S. C. Sept. 7.—"Godbold Day" was observed in Estill today to welcome home Miss Lucille Godbold, famous girl who broke the record for a shot putt by a woman in the recent Olympic games in Paris.

Miss Godbold was escorted this evening to a stage erected in the center of the town and decorated in the garnet and gold colors of Winthrop college, the South Carolina college the young woman represented when she qualified for the Olympic team from the United States. With the guests of honor on the stage were Governor and Mrs. Wilson G. Harvey, her parents and several other relatives.

Miss Godbold was introduced by Mayor Theus and spoke, briefly and modestly of how she won two medals in the Paris games and set a world's record.

She told of securing two bottles of French wine in her bag one for the governor of South Carolina and the other for the mayor of Estill but they were taken from her by customs officers.

Wilson G. Harvey also delivered an address and a reception for Miss Godbold and the governor followed.

E. C. Hurt Dies At Home In Clover

E. C. Hurt, of Clover, Va., died today at his home at Clover after an illness of about ten days. In the 68th year of his age.

For many years, Mr. Hurt, who was highly esteemed by all who knew him, had lived at Clover where he conducted a large and successful general mercantile business.

During the Wilson administration Mr. Hurt was appointed postmaster at Clover and retained this position which he filled most acceptably until his death.

Mr. Hurt was a former grand master of the Hurt masonic lodge in which he was deeply interested.

He is survived by his wife and six children, Miss Sallie Hurt, of Clover, Va., H. H. Hurt, Robert Hurt and E. Spencer Hurt of New York; John L. Hurt, Jr., of Hurts, Va., and E. C. Hurt, Jr., of Chatham, Va.

He also leaves two brothers, Major J. L. Hurt, of Hurts, and S. S. Hurt, Chatham.

Interment will take place in Green Hill cemetery about 2 o'clock tomorrow, under the auspices of the Masonic lodge of this city. The family coming in on the Richmond train about one o'clock tomorrow and proceeding directly to Green Hill cemetery.

ACCIDENTAL SHOT KILLS NEGRO YOUTH

Lewis Walling, a colored boy who was accidentally shot several days ago in Caswell county by Tom Neal, a white boy and who was brought to the Danville General Hospital, succumbed in that institution to his wounds. The boys were out squirrel hunting when Neal's gun went off accidentally to full load of shot entering the colored boy's body and leaving him to die.

Negresses Waive Hearing In Police Court For Murder

Edna Saunders and Ruby Chalk, two negresses charged jointly with the murder of Willie (Jock) Davis at a colored dance hall on Newton street Monday night, waived preliminary hearing in the police court this morning. The case will come up at the next term of criminal court in November. The sisters have not arranged bond and are still in jail. Probably 15 witnesses who were summoned in the case were recognized under \$100 bond for their appearance at the trial in the Corporation court.

The case promises to be one of interest among colored people. The courtroom this morning was crowded, every foot of standing room being taken up and also large crowds in the hallway, who had come to hear the case.

Davis was killed during a dance by Ruby Chalk, after Edna, her sister and the negro had some difficulty. After Davis had fallen dead, both women were alleged to have beaten him with the pistol and with a knife.

Permit To Sell Milk Withheld

Differences have again developed between the city health department and E. A. Love, purveyor of milk living on the Yanceyville road on the question of conforming to the milk ordinance which was supposed to become effective irrevocably on September 1.

It was largely on account of Love that the date of the effectiveness of the ordinance was extended a month, this to give him an opportunity of conforming to the ordinance by building a barn measuring up to the terms of the ordinance. This was done, but Love says that Love has been told that he must build a two-room milk house as well. Love says he has told the milk inspector that he does not intend to build it and the city health officer has withheld a permit from Love as a purveyor of milk. In spite of this, Love is selling milk and he said this morning that he proposed to keep on selling it until he was made to stop.

Dr. Garnett has indicated that steps will be taken against Love adding that the matter has been discussed with the mayor. So far however, nothing has been done. Dr. Garnett asserting that there was no pressing hurry for the pending proceedings.

Hatchett said this morning that when the first question arose between him and the health department he was informed that all that he would have to do to meet the letter of the ordinance would be to build the barn. This he did and it has been completed. He quoted the inspector as having told him that the back porch of his home which is screened and which has a well, would serve adequately for a milk house and that construction of a separate building would not be necessary. Recently Love claims to have been searched by a representative of the state dairy division from Richmond visited his place and the state officer told him that it was required that he build a milk house and that Hatchett concurred in this belief. Love feels that he should not be made to incur the added expense after being once told that the milk house was not necessary.

Mrs. I. D. Miller Twice Wounded Near Shelby, N. C.—Officers Arrested Say Fruit Jars Were in Machine.

SHELBY, N. C. Sept. 7.—Mrs. I. D. Miller, of Caroleen, is in a serious condition, probably fatally injured, at the Rutherford hospital suffering from the effects of two bullet wounds, from an attempted search of an automobile near Casar, this county, Wednesday night about 11 o'clock.

Mrs. Miller, her husband and small daughter, and Mr. and Mrs. B. W. Thompson and child, all of Caroleen, are reported to have been stopped near Casar by the officers who thought the car contained whiskey. The machine was halted but, according to Officer Houser's statement, when Houser stepped on the running board of the car the machine was quickly thrown in gear and moved off at a rapid rate of speed. Some one shot. Houser states he does not know who he was. Mrs. Miller was hit in the back the bullet taking effect in the liver.

Shot Second Time.

Thompson, who was driving the car, states that Miller told him to get to the Rutherford hospital as quickly as possible. In passing through Casar at a rapid rate of speed, a car on the running board of which he, Short was standing, was sideswiped and Short badly hurt. The officers at Casar telephoned ahead to the Rutherford hospital and it was intercepted at Lattimore. In a chase there participated in, according to the advice received here by Deputy Ben Cooper and Police Officer Houser, the machine was fired on. Mrs. Miller again being the victim, this bullet entering the back of her neck.

After the car stopped at Lattimore, Mrs. Miller was taken to Rutherford, where she was placed in the hospital. The officers who were at Casar declare Mrs. Thompson threw several fruit jar containers of whiskey from the car after officers had stopped the machine. Thompson said that there was no whiskey in the car. He is held, however, under \$300 bond charged with transporting whiskey.

No Whiskey in Car.

Mr. Miller, who arrived in Shelby from Rutherford late this afternoon stated that there was no whiskey in the car, that the machine was stopped by Mr. Thompson on the demand of the officers and that the car and the machine were searched, all this being done on the public highway without the display of a search warrant by the officers. He stated that not until after the search had been made was the car started and after the machine was started the shots were fired. He thinks that as many as 15 shots were fired.

At the preliminary hearing this afternoon at which a continuance was allowed, the attorney for the officers, when asked if the officers were armed with a search warrant, refused to answer the question.

Shelby has been stirred more by the incident than by anything which has happened in the county for many years, much indignation being expressed over the actions of the officers.

Negro Victim Of Queer Accident

William Garret, colored of Hickory street, sustained a painful wound this morning at 5:15 o'clock in a traffic accident. He was driving a horse and wagon down North Main street Hill when descending the sharp slope of Henry street was a motor truck belonging to Benefield & Motley. The driver of the motor trip seeing that a collision was inevitable turned his machine into the iron post holding the street sign. The impact was sufficient to knock the horse and wagon over and the post just at the moment Garret was in line with the post and it descended on his head the sharp iron strip striking him on the head and opening a bad wound. Garret drove a few feet down the road and then collapsed, falling into the street. He received attention from some colored people passing by and was removed to his home. The negro is said to be not seriously hurt but to have been stunned by the blow.

Later in the day a warrant was sworn out against Eugene Thacker, who was driving the motor truck, charging him with reckless driving and assault. The police said that his brakes failed to work properly.

KIWANIS CLUB ADOPTS PLAN OF ATTENDANCE

The Kiwanis Club luncheon yesterday at the Club Hotel was enthusiastically attended and one of the most enjoyable of the summer season. A "silent" prepared and satisfying repast was served, and at each place a "silent boost" consisting of a package of cigarettes was found, the compliments of Julian Jordan. W. Treadway Gravelly had charge of the musical program, and handled it well, his own solo being heartily received by the audience.

Jim Tate, by virtue of paternal propinquity, was awarded the attendance prize—a handsome belt and buckle donated by Phil Dunford. The future talks of the day were made by Col. A. B. Carrington and Maymound Hall. Col. Carrington in the few minutes allotted to him, presented a well prepared paper comprising the observations made by him during his vacation to Canada.

Mr. Hall spoke without notes, on the subject of "Cooperation," in which he outlined the activities of the League of Nations and called attention to the fact that the United States was in motely company in remaining outside the covenant. Other countries not participating are Germany, Mexico, Iceland, Ecuador and Abyssinia. Both speakers were accorded warm appreciation on conclusion of their talks.

Chauncy Eldridge presented a plan of attendance that was unanimously adopted. The membership will be divided into five or more teams, each team with a captain. The teams showing the lowest percentage of attendance between now and January, will be compelled to furnish a banquet for all the other members of the club. The eight individual members with the lowest attendance records for this period will act as waiters at the banquet.

A matter of public interest was the establishment of a Kiwanis Trophy Cup to which will be awarded yearly to the winner in the public school athletic tournament. After being won three times the cup will become the permanent property of the team or school winning it.

Efforts were made to send a strong delegation to the Capitol District conference of Kiwanis Clubs, to be held in Washington in October. Danville is one of the most prominent clubs in the Capitol District, and a large attendance is expected from this city. The Washington clubs are making extensive preparations for entertainment of their guests, and on account of the excellent train schedule, it is expected that many Danville Kiwanians and their wives will visit the capital city for a day or two.

Chairman Evans announced that the speakers on educational topics for the next meeting, to be held September 22nd, would be L. Overton Boatwright and R. R. Murry. These three-minute talks are proving of exceptional interest, and are having a good influence on the attendance at meetings, which has been remarkably large during the summer months.

AMUSEMENTS "THE BAT" COMING

Opening Play of Big Show Season at Majestic Sept. 13th.

The greatest dramatic success in generations—"The Bat"—a play by Robert Rinehart and Every Hopwood, will be presented by Wagenhals and Company at the Majestic Theatre on Sept. 13th.

"The Bat" has been running for over one solid year in Chicago to its credit has smashed not only theatrical traditions but records as well. "The Bat" is not only in a class by itself so far as the length of its run is concerned but it is absolutely the undisputed leader of all dramatic plays in point of total attendance and gross receipts. More than 5,000,000 have paid something more than \$5.00, 600,000 in all. And the end is no where in sight.

"The Bat" comes here, heralded by critics and public alike as the greatest play of its kind ever produced. And it more than lives up to its reputation.

The carefully chosen company includes: Lizzie Evans, William L. Thorne, Josephine Morse, Gretchen Thomas, Herbert Holm, Harry LaCourt, Joseph M. Dellicky, George Wilson, John Mackenzie and John Graham Spacey.

D. & W. Men Are Offered Their Jobs On Old Conditions

(Continued From Page One)

L. Plott, representing the car men was asked to be present with the men but he could not be found and the representatives of the union agreed to hear the proposition without him, making it clear, however, that they were present only to hear the proposal and not to give any answer to it.

The presence of the press was at first objected to by Mr. Floyd, but it was finally conceded that in order to prevent a garbled second hand report of the proceedings that it be reported by the men.

Mr. Dugan at first asked the men if they had any proposition to make to the railway company. The answer occurred in the statement made by Mr. Floyd that the craftsmen were striking first to keep their wages from being reduced. Secondly as a protest against the letting out of a contract to other shops and also as a grievance relating to overtime and Sunday.

Mr. Dugan stated that it was impossible for the wages of the shopmen to be cut without their case being first determined by the Railway Wage Labor Board and he insisted that the Danville and Western Company had no case before the Board. Mr. Floyd insisted, however, that he had seen a letter written by Mr. Abernethy and addressed to Mr. Ellis, stating that it was proposed to reduce the wages. Mr. Dugan took issue with this construction and expressed the belief that the proposal to reduce the wages had been made to Mr. Ellis, who had declined to sanction a cut. No further action had ever been taken, the strike intervening.

Mr. Dugan next undertook a recital of what the Labor Board had done and traced the development of the strike. The men appeared unimpressed in depicting the Board as an insubstantial body of men who had been awarded but one had been nullified by the railway company putting into a new scale of wages for Sunday and overtime.

The railway representative asked the men if they had a real grievance against the company and asked them if they did not think that the men of the South and East were being made to "pull the chestnuts out of the fire" for the middle western union men. The local union delegation did not agree with him at all as to that.

Mr. Dugan in making the formal proposition to the men, stated that the men would be the officials of the company had been the means of keeping the union men's jobs open for them and they now had an opportunity of settling them back. "The jobs there with seniority rights unimpaired, to reduction in wages if you want to go to work," he said. He amplified this by stating that the same working conditions as prevailed on June 30th last would be observed.

He then said that if the men could not find it possible to return to work that the company would try to fill the positions with other men.

The labor delegation then asked Mr. Dugan to approach the men instead of making his proposition to Ellis. Mr. Dugan replied by saying that it was up to the vote of the men in the shop and not for Ellis to determine. One of the labor delegation then suggested that four o'clock Saturday would not leave them time enough to get in touch with Ellis or to discuss the matter thoroughly with the full representation.

Major Parker suggested that they could reach Ellis by telephone, to-night and have him here tomorrow. He also said that he hoped the men would give the matter earnest consideration that the company wanted the old men back if they could get them.

More or less desultory discussion followed and the labor delegation sought to make it plain that the strike is a national affair and cannot be settled by individual groups of shopmen. They admitted that things were very much upon the attitude of the general chairman.

The Danville and Western shops are manned in normal times by about thirty union men all of whom are understood to have stopped work.

Benj. W. Beach Is Head Of Templars

At the annual convocation of Dove Commandery No. 7, held at Pythian Hall last night, officers were elected for the ensuing year. Benjamin W. Beach, generalissimo, was elected Eminent Commander, and Captain General Thomas J. Cole of Chatham was advanced to generalissimo. Other officers were advanced one or two stages toward the commandery. Eminent E. F. Conway presided at the election and installed the new officers. Eminent J. M. King served as marshal. The convocation was marked by a large attendance, particularly of Martinsville members of the commandery, who further manifested their interest by putting in nine or ten petitions for election to take the degrees.

The full list of officers elector or appointed by the new eminent commander are as follows:

Eminent Commander, Ben W. Beach; Generalissimo, Thomas J. Cole; Captain General, J. Shields Harvey; Senior Warden, Eugene H. Marchant; Junior Warden, Guy Shiff; Treasurer, Ellis G. Anderson; Recorder, D. H. Penn.

Eminent Commander Beach announced the following appointments: Warden, Robert N. Harper; Prelate, Rev. J. Clyde Holland; Standard Bearer, J. Burton Reed; Sword-bearer, Henry Reddiger; Sentinel, Harry P. Motley; Guard, R. B. Davis; F. L. Moses and H. A. Conner.

The convocation of the Templar year was signalized by the presentation of many petitions, these assuring that the new officers have a busy time ahead in conferring the three degrees, the crowning one of which is Knight Templar.

A drill team is being organized and is entering the competition at Richmond in late October for a trophy offered to the best drilled and disciplined team competing. Eminent Harry S. Smith is directing the preparation of this team. It is expected that a large number of members of this commandery will attend the centennial celebration of the Grand Commandery of Virginia in Richmond on October 26th and an elaborate program is being arranged for the entertainment of visiting knights and the occasion will be made noteworthy by the largest assemblage of uniformed knights templar in the history of that order in Virginia.

Dove Commandery closes its year with more than 200 members, and the indications are that these figures will be increased greatly during the ensuing year, judged by the present manifestations of interest. The new Templar year closes the commandery will be meeting in the new and well equipped asylum in the Masonic Temple, where lockers will be provided for uniforms and equipment and a handsome asylum will be available and will be sumptuously furnished.

NERVOUS WRECK FOR SIX WEEKS

Kentucky Lady Tell How She Became Strong and Healthy—Recommends Cardui to Weak Women

Mount Vernon, Ky.—Mrs. Cynthia Vanhook, formerly of Stanford, but now residing here, says that after her third child was born, she undertook to resume her household too soon, and this caused me a great deal of trouble.

"I began to feel weak and all played up—not much at all," as Mrs. Vanhook describes her condition. "For about six weeks I was just a nervous wreck. I had to have some one do all my housework."

"My doctor told me my imprudence had caused shock to the nervous system, and the thing to do was to use a tonic to build up my strength."

"He recommended Cardui. I was very soon I saw an improvement in my condition. I used three bottles of Cardui and . . . my health was restored."

"I am a strong, healthy woman." This Kentucky lady adds that she never fails to recommend Cardui to weak and run-down lady friends. Thousands of women praise Cardui to their friends.

This mild, harmless, vegetable tonic medicine has been successful for over forty years in the treatment of many common ailments suffered by women.

Your druggist sells Cardui. Let him supply you today.—adv.

TRIALS OF A PICTURE STAR

Jack Holt, Paramount star, had a difficult time getting into the spirit of his part in "The Man Unconquerable," the attraction at the Broadway theatre today. The locale of the

story is the South Pacific Islands. The picture was made in the early Spring and there were many cold days when the star appeared on the set, wearing a fine pongee suit and panama hat. When it came to sitting on a cold set, drinking iced drinks and fanning himself with a fan, the star found that it was a terrific strain on his imagination to visualize himself in the heat of the tropics.

CO-OPERATORS GETS
READY FOR OPENING

GREENSBORO, Sept. 7.—P. O. Gamble, of Summerfield, manager of the two Greensboro tobacco warehouses, is actively on the job making preparations for the opening, which is scheduled for September 25. Both houses are parts of the Tobacco Growers' Co-operative system, being leased from the owners by the association. Both the houses are new, modern buildings, well fitted for the delivery of tobacco. They were built by the Greensboro Tobacco Market, Inc., composed of business men of the city working together and have been in use one season. The sign-up of farmers into the Co-operative association has been of large proportions in Guilford and there is indication that a large amount of tobacco will be delivered.

nic Growers who have watched the Co-operative opening in Eastern Carolina markets are well pleased with the way in which the delivery season has begun.

Organization of local units of the association throughout the county are proceeding this week. The county is being thoroughly covered. It is expected that the October meeting of the directors of the Tri-State Tobacco Growers Association will be held here in October. The invitation to the directorate to meet here was extended by John W. King, of this city, one of the directors, at a meeting of the directors in Greensboro last Tuesday.

A co-operative warehouse is being built at Kernersville and Walnut Cove will also have a receiving station this season. The crop in Guilford is much better than it appeared a week ago.

The Stoke county crop is said to be one of the finest ever grown there.

CORRECTION DESIRED

Chatham, Va., Sept. 6, 1922.
Editor of The Register, Danville, Va.
Dear Sir: I noticed in your Tuesday's paper an account of my arrest, in connection with a moonshining liquor case, and am asking you to please correct the statement as I have never at any time been arrested or in any way connected with any violation of the prohibition law. Thanking you in advance I am,
Yours truly,

HUNGRY TOURISTS
TURN AVIDLY TO
AMERICAN FOOD

MEXICO CITY, Sept. 7.—When an enterprising American woman in Mexico City recently opened a "hole in the wall" catering to the exclusive tastes of homesick "staters" who tire of chiles and frijoles and yearn for hotcakes and doughnuts, she started something. An epidemic of shops, restaurants and the like, reminiscent of "back home" has broken out and the Americans are showing their loyalty by patronizing them liberally.

A stroll down Madero avenue discloses a white-capped, white-aproned gentleman in an expansive window performing well-known contortions with griddle cakes. In the next block one may read this sign: "Sinkers and coffee, 25 cents." One of the most popular places in the city has been "Number 14," a tiny establishment on a side street where friendly invitations are made to have a "Tom and Jerry" or a "Genuine Rye Highball," creations that were never conceived in Mexico, but were born of pre-war genius in the United States.

It remained, however, for several San Franciscans to reap a rich harvest from homesick Americans. They started a cantina and they christened it "Dinty Moore's," and to the eternal glory of American citizenship may it be said that they have enlarged the place three times in two weeks in order to accommodate the crowds that clamor for corned beef and cabbage, virtually the only item on the bill of fare.

SWEDISH NAVY'S
UNIQUE PLAN

STOCKHOLM, Sept. 7.—A new help to Swedish lads considering their life occupation, and probably a unique thing in the world, is the system recently inaugurated whereby young men are allowed to try out service in the Swedish Royal Navy voluntarily and without being under oath, in order to find out whether they are called to the life of a naval officer or not. College men 16 or 17 years of age who think they may want to enter the navy after graduation go aboard battleships and smaller naval craft as cadets under instruction. They mess with the crew and work under the same conditions as seamen, except that they pay for their meals and pick up this bags and go ashore for food whenever they please. They not

only get a practical knowledge of the duties of ordinary seamen, but they may also post the watch, serve as coxswain of the ship's boat, and in general test out their abilities to command.

The battleship Queen Victoria, the station ship Svea, and a number of smaller vessels are providing this unusual opportunity for young men, who may in the end discover that they are better fitted to become statesmen than naval officers. Thus this vocational innovation is beneficial to the navy as well as to the youth, who is given a chance to avoid making a mistake.

THE MOSCOW BOURSE
TO REOPEN SOON

MOSCOW, Sept. 7.—The Moscow bourse, closed nearly five years ago, is to resume operation soon. It was announced recently by the commissariat of finance. Preliminary plans called for dealings in foreign currency, gold and "bread loan" shares issued by the Soviet government as its first interior loan.

For immediate and permanent relief from eczema I prescribe

Resinol

"If you want to experiment, try some of those things you talk about. But if you really want that itching, stopped and your skin healed, I advise you to get a jar of Resinol Ointment, and a cake of Resinol Soap. We doctors have been prescribing that treatment ever since you were a small boy, so we know what it will do. It is cooling, soothing, easy and economical to use, and rarely fails to overcome eczema and similar affections."

CHATHAM GETTING READY TO OPEN TOBACCO MARKET

CHATHAM, Sept. 7.—Hugh Walton warehouse manager of the Tobacco Warehouse Cooperative Marketing Association for this district was in Chatham this week overlooking the warehouses and having necessary changes made preparatory to opening the market for the reception of the tobacco crop. This market will be opened between the 25th of this month and the second day of October but just what day has not yet been fixed. Mr. Walton stated that all of the tobacco bought on the South Carolina market had been sold at prices better than were being paid by independent houses and prospects were very bright. This point will receive around ten million pounds and the dry weather building is being rushed in order to be ready for the crop when the market opens. Right much of the machinery has arrived and will be installed immediately. Farmers are very busy cutting and curing and when this week ends around seventy five per cent of the crop will be under cover and cured. The recent rains have very much improved late tobacco and the body is much better.

Dr. L. C. Womack was on Saturday last taken to hospital at Richmond and was on Sunday operated on for appendicitis. When last heard from he was resting comfortably and doing well as could be expected.

Mrs. Lewis B. Whitehead and daughter, Patsy, returned on Sunday from visiting relatives at Paces, Halifax county.

Alpheus Moses Hunt Vaden and Leses Thompson left this week to resume their studies at Virginia Military Institute. Howell Watson left for University of Virginia.

R. M. Goolsby of Lexington, Va., was this week guest of his sister Mrs. S. G. Bennett.

Miss Philis Gary after a stay of several days with friends left on Tuesday afternoon for Danville.

Miss Jaunna Yarbrough is spending this week in Lynchburg visiting friends.

Rev. and Mrs. R. G. McLees returned on Saturday from their vacation and Mr. McLees filed his resignation at the Presbyterian church on Sunday morning and night.

W. H. Whitehead of the firm of Whitehead and Yeatts is now in hospital in Baltimore for medical treatment and operation. He will be away for several weeks.

The Cyril Theatre which has been dark except two nights each week during most of the summer nights is now showing every night except Wednesday.

On next Monday night at the first meeting of the town Council elected in June last the election of town treasurer, council clerk and town sergeant will be held. The Council is composed of Colonel E. S. Reed, mayor; A. H. Verhey, R. J. Reed, W. C. N. Merchat, William Smith, C. E. Terry and Lee Paul.

BIG RECEPTION GIVEN JAPANESE ROYAL FAMILY

HAYAMA, Japan, Sept. 7.—The coming of any member of the Imperial Family to Hayama, where there are two royal palaces occupied by the invalid Emperor, is a great event. A few weeks in the summer by the Prince Regent, is a great event. When the Prince arrived early in August this year the three-mile stretch of road through villages and towns from the coast on the railway and beyond the Imperial palace had been carefully repaired, swept and watered, so that the big red royal automobiles would not suffer a bump and the prince would see instead of the usual littered streets a scene that would not soil the finest gait. Every house flew the Red and White flag of Japan over its gateway and children gathered in the twilight to banzai their prince.

With the prince came his whole staff, including the veteran Count Chinda, once ambassador at Washington, a troop of soldiers, police and plain clothed men, many of the latter from Yokohama, whose foreign residents favor the bays along this coast for their summer cottages.

State business proceeds just as it would in Tokio but the Prince finds time for swimming. A neat bathing box was erected on the beach a roped pathway lined with green flags lead over a sandy bottom to a deep pool circled with red flags and a boom of logs in the center of which was erected a diving raft where the future Emperor, like most Japanese a good swimmer, disported himself during the heat of the day.

His stay was all too short for the village shopkeepers who benefit from such a large influx of generous buyers but the Prince is making a practice of visiting every part of Japan and becoming acquainted with the people and their wants.

MEETING TO END STRIKE NOT HELD

BALTIMORE, Sept. 7.—Unavailing efforts were made to confirm the statement of John Scott secretary of the Railway Employees Department of the American Federation of Labor, Chicago, today that seven representatives of striking railroad shopmen were in Baltimore for a conference with railroad executives on a proposition to end the strike.

Inquiries of all sources which might reasonably be expected to be informed elicited the uniform reply—nothing known either of the presence of the strike leaders or of their proposition.

Henry F. Broening, president of the Baltimore Federation of Labor, declared he knew nothing of any strikers' representatives being here or of any conference, but he did know that B. M. Jewell, leader of the striking shopmen, was not in Baltimore, as he had talked over the telephone this morning with Mr. Jewell at Buffalo. Mr. Jewell spent 2 days in Baltimore at the end of last week without his presence or the purpose of his visit becoming publicly known.

At the railroad offices knowledge of the strike leader's presence here was denied.

At the Baltimore and Ohio offices an official of the road emphatically denied any knowledge that representatives of the strikers were here for a conference. He declared President Willard's statement last night denying a report that he had conferred with Mr. Jewell and knew nothing of any meeting still holds good. Mr. Willard could not be seen.

CANDIDATES AT WORK

COLUMBIA, S. C., Sept. 7.—With both Thomas G. McLeod and Cole L. the Democratic nomination for governor, candidates for the Democratic nomination for governor, speaking in the thickly populated Piedmont section of South Carolina the campaign between primaries in this state is very active.

Mr. McLeod opened his campaign in the Piedmont with a speech from the steps of the Spartanburg courthouse last night and tonight Mr. McLeod was scheduled to speak at the same place. Mr. McLeod.

One Negro Held For Cox Shooting

Telegram received from Stuart, Va., Sept. 8.—A negro, who was held in connection with the shooting of Ewell Cox near Fayerdale early Tuesday morning, has been arrested in Patrick county and is in the Stuart jail. The name of the suspect was not given but apparently it was either Harvey Smith or John Scott, both of whom have been seen since the shooting and the belief prevails that he must have been wounded.

Jury Acquits Man In Labor Law Case

A jury in the corporation court today made short work of the first case appealed under the new labor law. The Danville Laundry Co., S. T. Martin appearing as manager of the concern, declared not guilty. A warrant was issued against the laundry company some time ago and the mayor found Martin guilty of employing a youth under the age of fifteen. The facts were that a driver for the laundry had a fifteen-year-old son whom he allowed to ride on the company's wagon during vacation time and letting him deliver packages of laundry to customers. This was deemed a violation of the law under the terms of which the firm using the wagon is held liable if children under age are found riding on it. Notwithstanding the fact that the laundry company knew nothing of the practice the proceedings were taken against it and Mr. Martin promptly appealed his case to the upper court. This is probably the first appealed case under the new statute.

The jury dealing with the laundry case was instructed clearly on the issue by the court. One of the two instructions was to the effect that the jury should not convict the defendant unless the jury believed beyond a reasonable doubt that the laundry company had employed, permitted or suffered the employment of the 15-year-old son on the wagon. As there was evidence showing conclusively that this wasn't the case the jury had no alternative than to bring a verdict of "not guilty."

Tom Hunt, a negro, was found "not guilty" of car breaking this morning. Robert Motley, accused in the same case, was not tried, his case being not pressed.

The case of larceny preferred against M. J. Swearingen was nolle prossed also today. Mr. Swearingen was implicated in the theft of automobile accessories from the Piedmont Hardware Company. He was fined \$25 in the police court but noted an appeal to the grand jury today and a nolle prossed was entered, this relieving the accused of any charge and of the necessity of paying the fine imposed by the lower court.

No indictment has been returned against J. E. Merriam charged with assault. The grand jury after investigating the circumstances reported "not a true bill" thus relieving the young man of further charges.

Robb Ready To Spring the Trap As Executioner

DES MOINES, Ia., Sept. 8.—Intervention of executive clemency apparently is all that will forestall Winifred E. Robb minister and former chaplain of the 15th infantry, being hanged for carrying out the execution by hanging of Eugene Weeks condemned murderer of George Foshick, Des Moines grocer, at 12 o'clock noon, Friday, September 15, so far as known. Robb will be the first minister to act in such a role.
"My duty is clear," Sheriff Robb said. "The law specifically provides that the sheriff of the county in which a prisoner is convicted of first degree murder shall attend to the details of the hanging or detail the task to one of his deputies."
Sheriff Robb states that while he favors capital punishment he does not believe in hanging.
To justify his actions, the former chaplain quotes from the Bible as follows: "Whoever sheddeth blood by man shall his blood be shed." He says the Bible is full of examples of capital punishment.
Sheriff Robb until recently was pastor until recently of the Urbandale Federated Church here. When it appeared that the date of Weeks' execution would come during his term of office as sheriff, Robb resigned his pastorate. He explained that he did not want his acts as sheriff to cause embarrassment to members of the church.
Robb's career as a minister in Iowa, has been a spectacular one. On October 27, unless intervention is made, he or one of his deputies will be obliged to hang Orrie Cross, accomplice of Weeks in the slaying of Foshick.
Robb was decorated with the distinguished service cross during the world war for extraordinary heroism displayed in attending to the needs of the men of his regiment during the drive against the enemy at Chateau-Thierry. His citation shows that he "during all of this time, and particularly during the operation near Serget, he showed the greatest coolness under severe artillery fire in attending to the needs of the men of his regiment." Robb recently was selected as the Democratic candidate for Congress from the seventh Iowa district.

Chorus Girl Sorry She Took Veronal

Regaining Consciousness,
Miss Harrison First Said
She Greatly Wanted to
Die.

NEW YORK, Sept. 7.—"I wanted to die so badly. Why didn't you let me?"

These were the first words of Donnie Harrison, the young chorus girl who tried to end her life at her apartment, Tuesday, when she regained consciousness in Bellevue Hospital yesterday. Her next thought was for her little Pekinese, Sing, which was left in her apartment when she was taken to the hospital. No one could tell her what had become of the dog and she relapsed into unconsciousness.

She awoke again a few hours later when her lifelong chum, Miss Bunny Dorel, called.

"I am so glad you are here," she told her friend. "I am very sorry I tried to commit suicide, and if you take me home with you and stay with me I will not try to die again. I was so lonely, and I thought you had gone away."

Miss Harrison declined to tell what really caused her attempt to end her life. She was asked about Arthur Rosenbaum of No. 42 West 46th Street, to whom she addressed one of her letters before taking the poison. She said he was her fiance. It was reported that he had called at the East 67th Street Police Station early in the day. He called at the hospital for the first time yesterday afternoon and stayed only a few moments. He talked with Miss Harrison and Miss Dorel and left hurriedly. After his departure Miss Harrison cried.

Dr. Carleton Simon, Deputy Police Commissioner, in charge of the narcotic squad, visited the young actress to find out whether she had any connection with a "dope ring." She told the doctor that three months ago she went to rest farm in New Jersey for a nervous breakdown.

MERCHANTS FINANCIAL WRECK

"I am a financial wreck because of the expense of doctors and medicine for my wife. She has been a chronic sufferer for 10 years. Some pronounced it gall stones, some gastritis and some intestinal inflammation. I happened to read an ad of Mayr's Wonderful Remedy and from the first dose my wife has steadily improved. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. J. C. McFall's Drug Store, Trent Drug Co. and druggists everywhere.—adv.

Governor Attacks Senator Watson In Public Speech

ATLANTA, Ga., Sept. 7.—Defiance of what he termed Senator Thomas E. Watson's attempted dictation in Georgia, and a further attack on the Ku Klux Klan was voiced by Governor Thomas W. Hardwick today speaking at Newman in the interest of his renomination in the Democratic state primary next Wednesday.

Mr. Hardwick's campaign manager yesterday issued a statement to the effect Senator Watson would vote against Governor Hardwick if he were in Georgia Wednesday.

In his speech today, the governor again declared Mr. Walker was the candidate for the Ku Klux Klan and was receiving the support of the "radical element of organized labor."

Yanceyville Wants A Delivery House

A movement has been inaugurated at Yanceyville looking to the establishment there of a delivery house for the Cooperative Marketing Association. The plan is to receive tobacco grade it and to issue the cash advances to the farmers at that point a truck system to be inaugurated whereby the tobacco will be brought to Danville or Reidsville to be re-dried. In some quarters the belief prevails that this plan will not be carried out this season but most probably during the next tobacco season.

Detective Shoots Girl Who Refuses To Wed, Then Self

A Policeman, Listening at
Switchboard, Hears 3
Shots—Finds Couple Un-
conscious—Blass, 15 Yrs.
on Force, Is Dying in the
Hospital.

NEW YORK, Sept. 7.—Told when he called to see her that their engagement was broken off, Alfred Blass of No. 256 Etna Street, Brooklyn, fifteen years a police detective, shot Dorothy Bright, twenty-six, a cloak model in her apartment at No. 3131 Broadway, last night, and then shot himself. Mr. Blass is dying in the Knickerbocker Hospital.

Miss Bright is expected to recover. The detective assigned to the East 35th Street Station and Miss Bright who is employed by Samuel Lesson at No. 53 West 36th Street, had been engaged a considerable time, according to Blass's fellow officers.

The girl told a statement at Blass she could not marry him he drew his service revolver and fired twice at her and once at himself.

Miss Bright occupied a ground floor apartment at the Broadway address with two other women the owner having sublet it for the summer.

About 7:45 o'clock last night Patrolman George Colby of the West 100th Street station was passing when Walter Buckley, of No. 628 St. Nicholas Avenue, elevator and switchboard operator at the apartment house, summoned him.

Buckley said that while at the switchboard he heard three shots in the apartment. He found the door unlocked. On the floor in the living room the girl lay unconscious, with two bullet wounds in her right breast.

The West 100th Street Police Station was notified, and a call was sent to the Knickerbocker Hospital. Dr. Merrimether revived the girl and rushed both victims to the hospital.

Their wounds were said to be only superficial.

Detectives Edward Davis and James Donnelly of the West 100th Street Station learned that a third person was seen in the apartment immediately after the shooting.

They obtained a statement from Miss Bright. She declined, however, to tell why she had decided to end the engagement.

Russia Of Old Is Now 27 Nations

(By The Associated Press). PETROGRAD, Sept. 8.—American news that have been circulating since the end of the war that the countries of the world and their capitals will have a hard time when makers of geographies incorporate the new offshoots of the Russian Empire in their schoolbooks.

The Russian Empire, which was ruled as now split up into 27 nations which are all federated with Moscow. A new official map issued by the Soviet government shows all these nations, which were once European and Asiatic Russia.

Finland and Poland are not included in this map. Although they were formerly of the Russian Empire, their complete independence has been recognized. Also Estonia, Latvia and Lithuania, the new Baltic states which have just been recognized by the United States, are conceded by the Moscow government to be wholly separate. Consequently there are really 32 new nations where there was only one before Soviet rule prevailed in Russia.

The main or parent Soviet republic comprises practically all of Central and Northern European Russia and has its capital in Moscow. Many of the other governments which have sprung up are in remote sections and comprise slightly populated territory with cities of no size. Some of them are republics. Others are classed as communes, but all are autonomous.

The Ukrainian republic, with its capital at Kharkoff, embraces the best part of the Southern Russian and includes Odessa. This is the richest section of agricultural Russia and it contains the greatest deposits of iron and coal. It was highly industrialized under the Czar's government.

Ukraine is included in the Far Eastern Republic with its capital at Chita. Immediately south of this is the Mongolian republic with its head at Urga. This was really not Russian territory, but belonged to China before the war. China still insists that it owns Mongolia and denies the existence of the new Soviet republic which Russia has created. Mongolia had limited autonomy before the war, but Russia dominated it and claimed it as its sphere of influence, steadily refusing to allow American railway constructions to take concessions which would touch this territory.

The Karelian Workmen's Commune, with its capital at Petrozavodsk lies north of Petrograd adjoining Finland, and has recently been the scene of considerable fighting between Finnish and Soviet troops. It is a sterile, and worthless country, but because of its strategic position commanding the railway to Kola, Russia's only ice-free coast on the north, is of great importance.

Minsk is the capital of the White Russian Republic, which is of great importance, because it adjoins Poland and the new Baltic state of Lithuania. The Crimean republic, with its capital at Simferopol, includes Sevastopol and several other important Black Sea ports.

The Georgian and Azerbaijan Republics are of great importance because they include the great Russian oil supply which European nations covet more than any other Russian possession. Their capitals are Tiflis and Baku.

Bokhara, the land of rugs with a capital of the same name is listed as one of the Soviet republics which Moscow has created east of the Caspian. Khiva, the land formerly ruled by the Khan of Khiva who is now a prisoner in Moscow, is now stated as a republic with its capital at Khiva. The Daghestan government has a capital named Temir-Khan-Schura. Even harder for the student of geography will be the name of the capital of the Khirgese Republic, Vatsapashinsk. Suchum Kale is

CORRECT FOR SCHOOL GIRL

DRESSES for young girls are so exceedingly attractive that every woman who can fit herself into one is to be excused for doing it. Time was—and not so long ago—that every school girl wore a Peter Thompson or its equivalent. Sketched here are three of these seasons substitutes for it.

Wool jersey is the most popular material for these school frocks. Wool crepe is expected to be used this fall as well, and twill and tricot are always good. Any one of the three models is charming and attractive for afternoon wear when made of one of the fashionable silks. They have all of them, a simplicity whose price is above rubies.

Union Men Attack Writ

WASHINGTON, Sept. 7.—(By The Associated Press)—Legality of the order obtained by the government from Federal District Judge Wilkerson at Chicago, restraining the striking railroad shop crafts and the railroad brotherhoods from interfering with transportation in prosecution of the shopmen's strike, was assailed today in a suit filed in the Supreme court of the District of Columbia by the International brotherhood of electrical workers, one of the organizations named in the Chicago court order. The question of jurisdiction of the Chicago court was also raised by an illegal act "before or since" July 1.

The electrical workers asked a permanent injunction to prevent United States Attorney General Gordon and United States Marshal Snyder from enforcing locally the provisions of the Chicago order. Within 2 hours after the filing of the suit—which was set for hearing next Saturday—Mr. Snyder had served formal notice of the Chicago injunction on J. P. Noonan, president of the electrical workers, on most of the other local leaders named as defendants before Judge Wilkerson, and was instituting a search for William H. Johnston, head of the machinists' association, who was said to have "disappeared" again after visiting his office.

The machinists' leader, according to some of his associates however, had left for Chicago before Marshal Snyder started out with the official copies of the restraining order.

While the electrical workers petition was said to have been filed solely on their own behalf and without reference to the other six unions on strike, Mr. Noonan said the petition was both the temporary order, which they hoped would issue Saturday and the permanent writ to have a nationwide scope.

Officials of the department of justice would not comment on publication on the recourse of the strikers to the courts, but unofficially they expressed the opinion that if the su-

premise court of the District of Columbia should grant the temporary restraining order, it would open up wide avenues leading to possible restraining by courts of other jurisdictions of injunction and restraining orders granted by the district supreme court—as those in various packers and other important cases—under the Sherman and Clayton acts. These still remained in question today, these still officially, centers on section 15 of the Clayton act, and section 5 of the Sherman law, which provide that in suits brought thereunder, the judge of any federal jurisdiction, if in his judgment it is deemed necessary to protect the government or the purposes of an injunction, may have the power to subpoena witnesses and defendants in other jurisdictions.

While references to alleged secret negotiations at various unnamed places looking to separate settlements with individual roads continued to be heard throughout the day, these still remained in question in the status of "unconfirmed reports."

Some administration officials who have kept in personal touch with one or both sides to the transportation controversy throughout its progress reiterated today they had reason to believe that the prospect for settlement of the strike on several individual roads appeared to be improving. It was said that E. M. Jewell, leader of the striking shopmen had been in touch with several of these recently and, while officially the department of justice was not advised of Mr. Jewell's whereabouts, it was expected that administration officials had "a well defined idea" of his activities. It was intimated by some in the confidence of President Harding and Attorney General Daugherty that an attempt to obtain service upon Mr. Jewell had been deferred because of the belief that he was engaged in negotiations which might bring a settlement of the strike within the realm of a justifiable hope.

Attorney General Daugherty was said to feel that the strike situation, as it directly affects the law enforcement branch of the government, had cleared up appreciably the last few days. He said that the fact that he found necessary to concentrate forces of special deputies were said to have emphasized the continued maintenance of law and order among strikers and railroad employees.

After a conference between Mr. Daugherty and Senator Borah, it was reiterated by government officials that no effort would be made to retain in the Chicago permanent injunction when and if granted, the provisions which have been interpreted as tending to interfere with "free speech."

How far government representatives would go in agreeing to a modification of the temporary order was not stated, but those in close touch with the administration were sanguine in a prediction tonight that it would be "very radically modified."

It was stated, would occur on the government's own motion, before the court next Monday. The attorney general and his advisers were said to have come to the conclusion that the temporary order went unnecessarily far in its restrictions.

DOOLITTLE WILL VISIT MOTHER

SAN DIEGO, Cal., Sept. 7. Refreshed by eleven hours sleep, Lieutenant James H. Doolittle, military aviator who established a new record for trans-continental flight when he arrived here, last evening from Jacksonville, Fla., hopped off again from San Diego late today to visit his mother in Los Angeles.

While the big machine in which he made his dash across the continent was being cleaned up, Lieutenant Doolittle borrowed an airplane from Rockwell Field for his short trip north.

He said he would return here tomorrow and early Friday would start to McCook Field, Dayton, Ohio, using the De Havilland machine in which he came, from Florida.

Imperial Wizard Unfit For Job, Is Charge Made

CHATTANOOGA, Tenn. Sept. 7.—Charging that Colonel William Joseph Simmons imperial wizard of the Knights of the Ku Klux Klan, has been on a "prolonged debauch" and is unfit to transact the business of the organization Phil J. Hays, exalted cyclops and W. H. Holmes of Lookout Klan No. 15 of Chattanooga, today answered the bill of the imperial wizard filed in chancery court here to enjoin the local Klan from operating.

The petition of Wizard Simmons stated that the charter of the local Klan had been revoked for sufficient reasons but that it had continued to meet and carry on business. The answer says:

While the so-called effect purports to have been signed by William Joseph Simmons imperial wizard, it is denied that it was in fact signed by him for the reason that he was it is believed on August 22, 1922 and had been for some time prior to thereto, on a prolonged debauch during which time it is believed he was under the effect of intoxicating liquors and drugs and hence not physically and mentally capable of transacting business of the Klan.

It is charged in the bill that the Ku Klux Klan organized at Atlanta has not complied with the laws of Tennessee by filing a copy of its charter and is therefore not entitled to operate in this state. It is further claimed that Imperial Wizard Simmons and other officials of the Klan were enjoined by the superior court of Fulton county, Georgia from revoking the charter of Lookout Klan.

Cyclops Hays denies that he has withheld money paraphernalia, or other property of the national organization or that a demand had ever been made upon him for any such property.

A jury is demanded to try the injunction suit.

Faris Charged With Murder
YORK, S. C. Sept. 7.—Four eyewitnesses of various stages of the shooting at Clover yesterday in which three persons lost their lives and three others wounded, one perhaps fatally testified at the coroners inquest held today at Clover.

The verdict of the coroners jury was that the three persons slain, Claude Johnson, 21, Newton Taylor, 13, and Miss Lela Taylor, 15, came to their death from gunshot wounds at the hands of William C. Faris. Those testifying at the inquiry conducted by the coroner were Tom Perry, Edward Faris, E. Z. Leatherman and J. M. Taylor, the latter the father of two of the dead.

None of the witnesses saw all the shooting and none could give a very comprehensive account of the details. The testimony indicated that Faris fired the "Newman" Taylor and then standing in his yard across a narrow street shot Johnson and the other members of the Taylor family as they appeared on the scene.

According to the testimony he used two shotguns, one single barreled and the other double-barreled, both loaded with buckshot.

SEAPLANE COMES DOWN AT NIPE

ATLANTA, Province of Oriente Cuba, Sept. 7.—(By the Associated Press)—The American seaplane Sam-paio Correia II bound from Pensacola for Rio de Janeiro, came down in Nipe Bay, on the north coast of Cuba, near the eastern end of the island, shortly before one o'clock this afternoon after a flight from Caibarien, 250 miles to the west. Lieutenant Walter Hinton said the flight was uneventful.

The machine behaved splendidly. A storm hovering on the eastern horizon caused the descent into Nipe Bay in order that the pilot might obtain a weather report. Lieutenant Hinton said tonight that he intended to hop off at daybreak tomorrow for Port Au Prince, Haiti.

SEAPLANE IS SIGHTED

WASHINGTON Sept. 7.—The seaplane Sam-paio Correia II, piloted by Lieutenant Hinton, which left Caibarien, Cuba, early today on its flight to Brazil passed over the U. S. Cruise ship, the USS Albatross, this morning just off Camaguey, Cuba, according to a wireless message received here tonight from the USS Albatross.

The message said the seaplane was met in latitude 21° 26' north, longitude 76° 46' west and appeared to be going well. Lieutenant Hinton waving greetings Reports received here from Havana late today said nothing had been heard of the plane from any points along the eastern extremity of Cuba but explained that wire communications were poor.

NOMINATE STREET FOR GOVERNOR

BIRMINGHAM, Sept. 7.—O. D. Street of Guntersville, national committeeman for the state of Alabama, was nominated for governor at the state convention of Alabama Republicans held here today.

Terry Murphy of Mobile, was nominated for lieutenant governor, and twelve other candidates were nominated for state offices. Resolutions endorsing the administration of President Harding and commending O. D. Street, national committeeman were adopted by the convention.

EDWARD S. ROSE DIES
